Caramel Tree Readers Leveled Stories

Caramel Tree Readers offer a delicious series of leveled readers for children ages 5 to 12. Published across seven levels, Caramel Tree Readers are graded using The Lexile Framework for Reading, and they are designed to provide a gradual progression for young readers. Each level has a distinctive flavor with full color illustrations, imaginative stories, and memorable characters.

What Is Budu?

Billie Huban

In this Caramel Tree Readers Level 1 story, Budu lives in the jungle among wild animals. He tries to figure out what kind of animal he is by comparing himself with other animals. The colorful illustrations help beginner readers to identify vocabulary for different parts of the body, and simple repetitive structures help them to predict the text and find the answer to “What is Budu?”

Just Myrto

Laurie Gray

The coming-of-age story of an ancient Greek woman who discovers the joy of being herself

As a young woman in ancient Greece, Myrto is doubly cursed to have been born a mortal and a female. When her father dies leaving no dowry for her to marry, Myrto's brother decides to give her to his former teacher, Socrates, as a second wife. Spending much of her time away from her new home in an attempt to avoid Socrates' cruel, first wife, Myrto soon strikes up an intellectual friendship with Plato. Although she wants nothing more than a friend, he has designs on more. Now Myrto must discover where she belongs in this quickly changing world and decide if she will accept the lot she has been given by her family, succumb to romantic love, or pave the way for women of the future to live better and less subjugated lives.

Earthrise

My Adventures as an Apollo 14 Astronaut

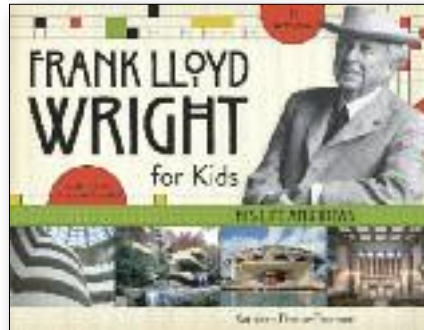

Edgar Mitchell and Ellen Mahoney
Foreword by Dr. Brian Cox

The inspiring and fascinating biography of the sixth man to ever walk on the Moon

Of the nearly seven billion people who live on Earth, only 12 have walked on the Moon and Dr. Edgar Mitchell was one of them. *Earthrise* is a vibrant memoir for young adults featuring the life story of this internationally known Apollo 14 astronaut. The book focuses on Edgar's amazing journey to the Moon in 1971 and highlights the many steps he took to get there, including growing up as a farm boy on a ranch; living in Roswell, New Mexico, during the alleged UFO crash; graduating from Carnegie Mellon and MIT; being a navy combat pilot; and becoming a NASA astronaut. In engaging and suspenseful prose he details his historic flight to the Moon, describing everything from the very practical to the metaphysical, such as the life-changing sensation of connectedness to the universe that he felt and that has been described, in varying degrees, by many astronauts. Extensive resources include annotated lists of websites about space, museums and organizations, films and videos, and books for further reading.

Playing Smarter in a Digital World

Randy Kulman, PhD

A book to help parents to make their children's digital playtime educational

Digital play, when used appropriately, can be a powerful tool for learning skills such as planning, time management, cooperation, creativity, and digital literacy. The book's clearly articulated strategies help parents use digital media in a more effective manner and, at the same time, set effective limits and implement a healthy "play diet" for their children. A section devoted to exploring specific strategies for using digital media with children in specific populations—such as children affected by ADHD, autism spectrum and learning disorders, and other mental health and educational issues—is also featured, as is a list of specific games, apps, and tools to make game-based learning most effective.

Reporting Under Fire

16 Daring Women War Correspondents and Photojournalists

Kerrie Logan Hollihan

The tremendous struggles women have faced as war correspondents and photojournalists

A profile of 16 courageous women, *Reporting Under Fire* tells the story of journalists who risked their lives to bring back scoops from the front lines. Each woman—including Sigrid Schultz, who broadcast news via radio from Berlin on the eve of the Second World War and Margaret Bourke-White, who rode with General George Patton's Third Army and brought back the first horrific photos of the Buchenwald concentration camp—experiences her own journey, both personally and professionally, and each draws her own conclusions. Yet without exception, these war correspondents share a singular ambition: to answer an inner call driving them to witness war firsthand, and to share what they learn via words or images.

Helping Children with Their Feelings

Practical Strategies for Special Needs and Neurotypical Learners

Elizabeth Crary, MS

Providing the basics of a child’s emotional development, this book pays particular attention to children who have learning challenges related to autism, ADHD, sensory issues, or other developmental delays

A short course for busy parents, teachers, and professionals, *Helping Children with Their Feelings* sets parents on a clear, practical path to increase their child’s understanding of his or her own and others’ feelings. Often young kids need remedial or basic help learning about feelings—an essential precursor to effective social relationships and success in school. The short exercises help build children’s skills and provide realistic expectations for parents to determine whether their child is developing typically or has special needs.

A Simple Guide to Socratic Parenting

Laurie Gray

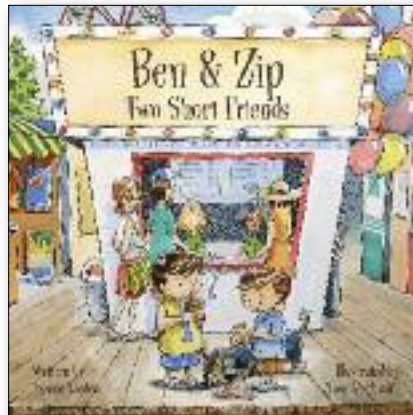

- Part of the Simple Guides series

Learn how your children can benefit from the powerful, compassionate, and effective techniques of Socratic parenting in this guide that draws from ancient wisdom to create a new paradigm for modern parents.

Showing how to apply the Socratic method to parenting, this book focuses on developing a personal parenting philosophy and sharing that philosophy with your child through dialogues, asking open-ended questions, and modeling the behavior you want to see in your child. While traditional punishment and reward techniques may condition desired behaviors, parents who develop their own self-discipline and critical-thinking skills will naturally encourage their children to become self-disciplined, independent thinkers.

Ben & Zip Two Short Friends

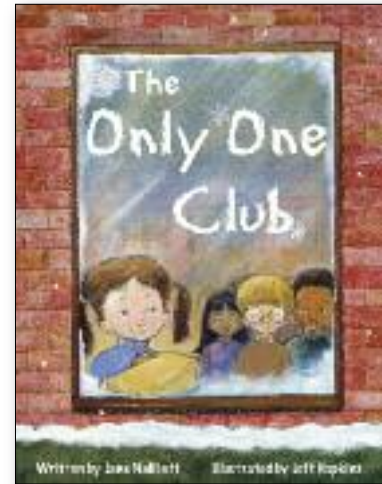

Joanne Linden
Illustrations by Tom Goldsmith

A tribute to friendship, boardwalks, and summer at beach, this storybook tells of Ben and Zip, two best friends who will keep readers laughing, cheering, and guessing until the very end when they are reunited after a rainstorm.

Ben is short, but his best friend Zip is even shorter. One day while strolling along the boardwalk a summer shower blows in. There's a clap of thunder, and Zip runs off in fear. Ben pushes through the crowd to find Zip, but being so short, all Ben sees are knees. He climbs onto a bench, but now all he sees are bellies. He clammers onto a picnic table, and all he sees is hair. Ben is sure he'll glimpse Zip when he climbs to the highest point on the beach, the lifeguard stand, but Zip is nowhere to be found. Ben finally does find Zip—his best friend and dachshund—hiding out beneath the boardwalk, and the pair snuggle and munch on popcorn while the puddles dry and the beachgoers emerge from under the awnings. This is a unique lost-and-found tale with a surprise ending, brimming with lively illustrations, and filled with rhyming refrains that roll off the tongue.

The Only One Club

Jane Naliboff
Illustrations by Jeff Hopkins

- New in paper; also available in cloth (9780972922531)

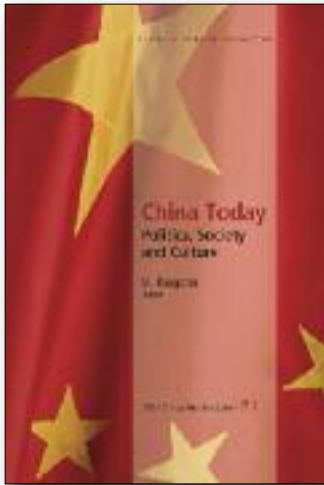

This heartwarming story explores the many ways in which children feel unique and special. Mrs. Matthews' first grade class begins making Christmas decorations, but because Jennifer is Jewish, Mrs. Matthews allows her to make Hanukkah decorations instead. Jennifer enjoys the attention and creates "The Only One Club," of which she is the sole member. When her classmates want to join, she is resistant until she realizes that each of her friends is also "the only one" at something. As she inducts them into her club she reveals the unique qualities that make each of her classmates extraordinary. Through this touching story, young children are encouraged to discover and treasure their own uniqueness and to actively look for special qualities in others beyond race or culture. A medley of pencil, watercolor, acrylic paint, and pastel illustrations bring this inspiring and humorous tale to life.

Getting Up for the People

The Visual Revolution of ASARO-Oaxaca

ASARO,
Mike Graham de La Rosa,
and Suzanne M. Schadl

Getting Up for the People tells the story of the Assembly of Revolutionary Artists of Oaxaca (ASARO) by remixing their own images and words with curatorial descriptions. Part of a long tradition of socially conscious Mexican art, ASARO gives respect to Mexican national icons; but their themes are also global, entering contemporary debates on issues of corporate greed, genetically modified organisms, violence against women, and abuses of natural resources. This book is a visual tour de force and a success story that embraces and shares the power of art and diversity in our societies.

The Aftermath of Forever

How I Loved and Lost and Found Myself

Natalye Childress

Love and music collide in this refreshing, uplifting memoir that chronicles the romantic coming-of-age of a woman in her 20s experiencing the dating scene in the San Francisco Bay Area. After the disappointment of a failed marriage, Natalye Childress embarks on a soul-searching journey to discover what happens when true and everlasting turns out not to last that long. Using music as a vehicle to express herself, she revisits 10 men of her past and paints a portrait of their relationship through the mixtapes she made them. Her quest for love sees her take up with noncommittal beaus and abusive boyfriends and give the always-complicated friends-with-benefits relationship a try. She candidly dissects her love life as she shares the inspiring and hopeful moments alongside the awkward and painful relationships that accompany dating in the modern world.

Seriously Not All Right

Five Wars in Ten Years

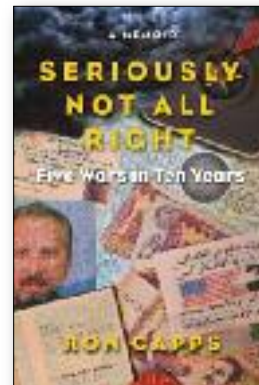

Ron Capps

For more than a decade, Ron Capps, in the capacity as both a senior military intelligence officer and as an observer for the U.S. Department of State, was witness to several of the most devastating scenes of atrocity, human violence, and genocide the world has seen in the last 20 years. The accumulation of these experiences, combined with the helplessness of his role as bystander, propelled him into a deep depression and a long bout with PTSD, which nearly caused him to take his own life. *Seriously Not All Right* is a soldier's memoir that provides a unique perspective of a noncombatant yet high-ranking military officer who suffered (and continues to suffer) from PTSD equally with those who drew weapons in battle.

Core Four

The Heart and Soul of the Yankees Dynasty
2014 Edition

Phil Pepe

Foreword by David Cone

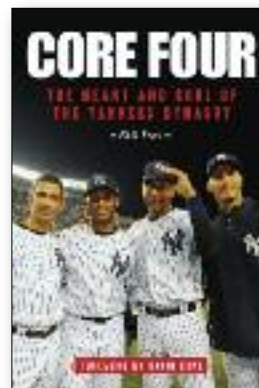

- Author's previous books sold more than 100,000 copies

Tracing the careers of four instrumental players who turned around the Yankees ball club, this book shares behind-the-scenes stories from their early days together in the minors through the 2013 season, and follows them on their majestic ride to the top of the baseball world. They were a diverse group from different parts of the globe: Mariano Rivera, Derek Jeter, Jorge Posada, and Andy Pettitte. Together they formed the "Core Four," and would go on to play as teammates for 13 seasons during which time they would help the Yankees advance to the postseason 12 times, win the American League pennant seven times, and take home five World Series trophies. This 2014 edition follows these phenoms from the minor leagues to the present, detailing their significant contributions to a winning major league franchise.

How Baseball Explains America

Hal Bodley
Foreword by Bob Costas

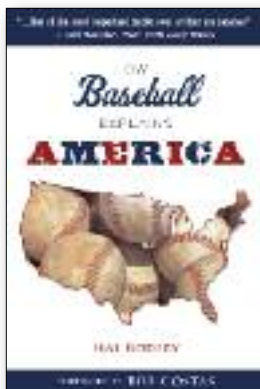

- Part of the How . . . Explain series

Examining the connection between baseball and our country's history, *How Baseball Explains America* is a fascinating, one-of-a-kind journey through the sport known as America's pastime. Longtime *USA Today* baseball columnist Hal Bodley explores just how essential baseball is to understanding the American experience. An unabashedly celebratory explanation of America's love affair with baseball and the men who make it possible, this work sheds light on topics such as the role Jackie Robinson's signing with the Dodgers played in the civil rights movement, how baseball's westward expansion mirrored the growth of our national economy, and the military lineage of such legends as Joe DiMaggio and Ted Williams. It is a must read for anyone interested in more fully understanding not only the game but also the nation in which it thrives.

Big Boy

Chris Christie's Appetite for Power

Louis Michael Manzo

In this searing tell-all, former New Jersey State Assemblyman Louis Manzo recounts an extraordinary tale of political ruthlessness, corruption, and greed while also telling the story of being caught in the center of one of the most egregious political scandals in modern-day history: the Bid Rig III sting operation masterminded by Governor Chris Christie. Manzo discusses how the blind ambitions of Christie and his staff entailed capturing a governorship and the patronage jobs that accompany it, and then parlaying that office into a shot at the presidency. *Big Boy* then makes the convincing case for how the governor is not the champion of reform he is depicted as, but rather a sinister political figure deftly vying for a seat in the Oval Office, making this book a must-read for anyone with an interest in the 2016 presidential election.

Lee Marvin

Point Blank

Dwayne Epstein

Afterword by Christopher Marvin

- New in paper, also available in cloth (9781936182404)

The first full-length, authoritative, and detailed story of the iconic actor's life to go beyond the Hollywood scandal-sheet reporting of earlier books, this account offers an appreciation for the man and his acting career and the classic films he starred in, painting a portrait of an individual who took great risks in his acting and career. Although Lee Marvin is best known for his icy tough guy roles, very little is known of his personal life; his family background; his experiences in WWII; his relationship with his father, family, friends, wives; and his ongoing battles with alcoholism, rage, and depression, occasioned by his postwar PTSD. With interviews with family members, friends, and colleagues; rare photographs; and illustrative material, Hollywood writer Dwayne Epstein provides a full understanding and appreciation of this acting titan's place in the Hollywood pantheon in spite of his very real and human struggles.

Any discussion of great boxers must include Willie Pep and Sandy Saddler—midcentury featherweight champions whose heroics electrified the fistic world then and reverberate today. This book explores the boxing lives of both pugilists—early years, fighting years, training and conditioning, historical context, life after boxing, and, of course, the lasting controversy over their rivalry and legacy. Included in this book are Pep's plane crash and recovery as well as the legal wrangling with *Newsweek* over his boxing reputation. Saddler's ongoing slight in boxing history and secondary status with Pep is examined under fresh light. The text is highlighted with several images of both fighters that bring to life the fierce glory of professional boxing in the 1940s and 50s.

Waking the Buddha

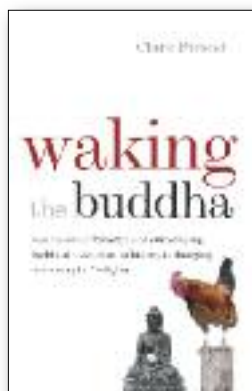

How the Most Dynamic and Empowering Buddhist Movement in History Is Changing Our Concept of Religion

Clark Strand

Waking the Buddha tells the story of the Soka Gakkai International, the largest, most dynamic Buddhist movement in the world today—and the one that has done more than any other to wake up and shake up Buddhism so it can once again work in ordinary people's lives. Drawing on his long personal experience as a Buddhist teacher, journalist, and editor, Clark Strand offers broad insight into how and why the Soka Gakkai, with its commitment to social justice and its egalitarian approach, has become a role model, not only for other schools of Buddhism, but for other religions as well. Readers will be inspired by the struggles and triumphs of the Soka Gakkai's three founding presidents—individuals who staked their lives on the teachings of the Lotus Sutra and the extraordinary power of those teachings to help people become happy.

Behold a Pale Farce

Cyberwar, Threat Inflation, & the Malware Industrial Complex

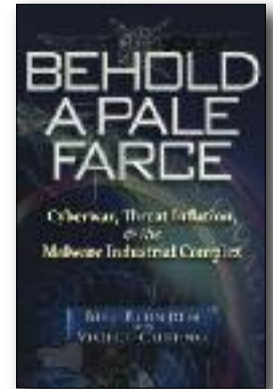

Bill Blunden and Violet Cheung

This book presents a data-driven message that exposes the cyberwar media campaign being directed by the Pentagon and its patronage networks. By demonstrating that the American public is being coerced by a threat that has been blown out of proportion—much like the run-up to the Gulf War or the global war on terror—this book discusses how the notion of cyberwar instills a crisis mentality that discourages formal risk assessment, making the public anxious and hence susceptible to ill-conceived solutions. With content that challenges conventional notions regarding cyber security, *Behold a Pale Farce* covers topics—including cybercrime; modern espionage; mass-surveillance systems; and the threats facing infrastructure targets such as the Federal Reserve, the stock exchange, and telecommunications—in a way that provides objective analysis rather than advocacy.

Mainframes are the backbone of most large IT organizations; security cannot be left to chance. With very little training available to the younger crowd, and older, more experienced personnel retiring or close to retiring, there is a need in mainframe security skills at the senior level. Based on real-life experiences, issues, and solutions to mainframe security from the author's three decades of practical experience as a mainframe security practitioner, this book fulfills that need.

Michael Krondl has put together an entertaining social history of the donut throughout the ages and from around the world.

Among the interesting facts Krondl brings up are the donut's surprising role, not only as a traditional prelude to Lent, but in Hanukkah and Ramadan as well; the serving of donuts to American doughboys in the trenches of World War I; and the delivery by Red Cross Clubmobiles of essential comforts of home to World War II soldiers such as music, movies, magazines, and donut machines. Mindful that the information might have readers itching to run to their nearest bakery, Krondl also offers a baker's dozen of international donut recipes—with accompanying color photos—including those for Chocolate-Glazed Bismarcks with Marshmallow Filling, Nutella Bombolocini, Frittelle di Carnevale, and Dulce de Leche Raised Donuts with a Salty Caramel Glaze, among others.

Everyday Cheesemaking

How to Succeed at Making Dairy and Nut Cheese at Home

K. Ruby Blume

This do-it-yourself handbook introduces and instructs readers on the essential concepts, necessary equipment, and key ingredients to make delicious cheese

from home. Beginning with the basics of cheesemaking and a discussion on the ethics of cheese and proper sanitization techniques, the book then covers a wide range of homemade cheese options, from international favorites such as queso fresco and mozzarella to soft and hard classics such as ricotta, cheddar, parmesan, and brie. More than just a roadmap to making cheese, this book also provides readers with numerous dairy projects to try their hand at, include yogurt, sour cream, cream cheese, buttermilk, and milk shakes.

The Smart Guide to Single Malt Scotch Whisky

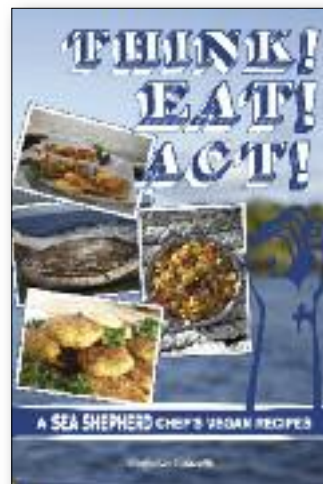

Second edition

Elizabeth Riley Bell

Single malt Scotch whiskies are renowned for their highly nuanced flavors and aromas, but the world of the single malt Scotch, while rooted in tradition and fellowship, can also throw up an intimidating number of offerings. Lavishly illustrated, this singular and savvy guide provides information on the making of malt whisky, the primary whisky regions, the various distilleries, identifying the flavors in each distillery's "house style," how to appreciate the flavors and aromas of single malt whisky, reading a bottle label—even how to pronounce the names of certain Scotch whiskies. Additional sections introduce readers to the language of whisky descriptors and a few little-known distilleries, as well as how to manage a taste of some of the rarest and priciest single malt Scotches available. And, because a good single malt is always better when enjoyed in company, this manual offers recommendations for buying single malt Scotch whisky and hosting a tasting. This is an indispensable resource for anyone looking to deepen their appreciation for and knowledge of this "sipping whisky."

India: Leading Issues in Economic Development

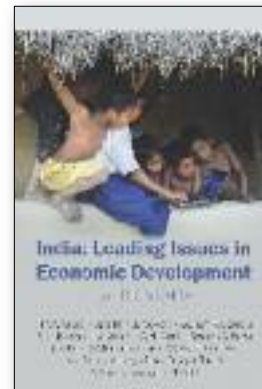

Edited by R. K. Mishra

Incorporating seminal writings on public enterprises and evaluation, the future of the public sector in India, and the emerging role of independent directors in the board room, this volume touches on and expands upon topics addressed by eminent scholars, policymakers, and public enterprise CEOs in lectures delivered under the auspices of the Lal Bahadur Shastri and the Distinguished Lecture Series. These talks focused on a wide range of issues, such as the economic growth and outlook for India vis-à-vis China and Pakistan, India's role in the international economy, strategic management to make permanent establishments globally competitive, the crisis in Indian education, the emerging disparities in India, and an economic analysis of judicial activism. Policy makers, researchers, public sector executives, and anyone with an interest in the Indian economy will find thought-provoking insights from respected economists and scholars—including Nobel Laureate Amartya Sen—in this book.

Servitors of Empire

Studies in the Dark Side of Asian America

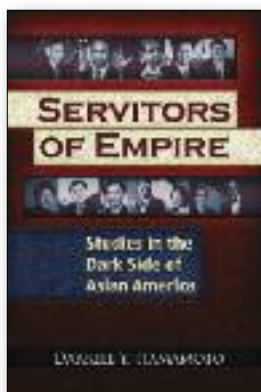

Darrell Y. Hamamoto

Forcing a fundamental rethinking of the Asian American elite, many of whom have attained top positions in business, government, academia, sciences, and the arts, this book will be certain to generate a good deal of controversy and honest discussion regarding the role Asian Americans will play in the new century as China and India loom ever larger in the world economic system. Not since the large-scale infusion of scientists and engineers fleeing Nazi Germany has there been such a mass importation of intellectual labor from U.S. client states in Asia. One of the specialized tasks assigned to this group is to build the technetronic infrastructure for the new world order command and control system. *Servitors of Empire* is not intended to fan the flames of suspicion and paranoia aimed at Asian Americans, but serves to illuminate the way in which highly trained knowledge workers are being employed to bring sovereign nations such as the United States under centralized rule made possible through advances in bioscience, IT, engineering, and global finance.

The Devil's Fingers & Other Personal Essays

James Hoggard

The more than two dozen personal essays in this new collection by one of Texas's master storytellers range from travel pieces about Havana and London to stories about small-town exotics that are funny, nervy, outlandish, and all characterized by James Hoggard's sly wit and his noted openness to people he meets along the way. Fast-paced, yet at the same time reflective, Hoggard guides his readers into some of the wonderfully strange turns of the world, including a Saturday morning gathering of khaki-dressed men who have hunkered down at a Dairy Queen to get away from their women who want them to spend the day doing chores. At the same time they see Hoggard as a bicycle-riding exotic who finds it normal to go out and bike 60-odd miles before lunch. Now and then the encounters are hair-raising, sometimes scary, but Hoggard always provides the kind of interior monologues that draw upon both deep reading and deep observation.

Elroy Bode

Introduction by Robert Bonazzi

The thoughts, scenes, and observations gathered in this collection written by an aging Elroy Bode concern themselves on the surface with the daily happenings during a typical year, reflecting the author's sense of kinship with the people, creatures, and beauty of the Texas desert. Upon closer inspection, however, these short sketches deal with the nature and meaning of life and the inevitable loss of its pleasures, satisfactions, and mysteries—especially in the context of the natural world that surrounds him. The book ends with a long and powerful recounting by Bode of the incredible circumstances surrounding the death of his son.

Rescuing Julia Twice

A Mother's Tale of Russian Adoption and Overcoming Reactive Attachment Disorder

Tina Traster

Foreword by Melissa Fay Greene

In this frank and honest memoir, Traster tells her full foreign-adoption story, from dealing with the bleak landscape and the inscrutable and withholding adoption handlers in Siberia, to her feelings of inexperience and ambivalence at being a new mother in her early 40s, to her growing realization over months then years that something was amiss with Julia, who remained cold and emotionally detached both at home and in school. Traster movingly recounts how uncertainty turned to despair as she blamed herself and her mothering skills for her daughter's troublesome behavioral issues, until she came to understand that Julia suffered from reactive attachment disorder, a serious condition associated with infants and young children who have been neglected, abused, or orphaned. As she describes how she and her husband have been able to close the gulf between them and their daughter to form a loving bond, Traster provides practical advice and reassurance for parents struggling with attachment issues.

After Auschwitz: A Love Story

Brenda Webster

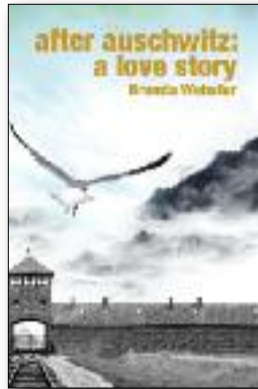

Two emotionally fraught and complex themes collide in this powerful, moving novel: Alzheimer's disease and the psychological aftermath for survivors of the Auschwitz concentration camp. The story chronicles the intellectual decline of Renzo, a once-brilliant Roman writer and filmmaker. Aware that he is slipping ever deeper into the haze of Alzheimer's, Renzo keeps a journal in which he grapples with his complicated marriage to Hannah, an Auschwitz survivor who later chronicled that experience. As he writes about his own failing grip on reality, he reflects as well on how painful it will be for Hannah to lose another loved one. This story, by turns poignant and humorous, is about an enduring love that makes pain bearable.

In this novel that explores the intersection of science and spirituality, Theodore Reveil, one of the leading lights in string theory physics, is on his way to present his latest research at a triumphant meeting of his colleagues from around the world when he realizes that he has lost the notes for his presentation. Verging on panic, he is in the middle of ransacking his hotel room for the missing notes when he is stopped in his tracks by a voice—and a vision. Shaken by what he has just experienced, he takes the stage to deliver his speech, note-less. In the midst of his distraction and confusion, he poses the question “What if the Universe, instead of being a giant machine, is really a giant thought?” Then, before his astonished colleagues, Theodore makes an even bolder assertion: “The unsolvable terms in our equations may be road signs pointing to consciousness—to God—as the missing piece of the puzzle.” *Antiphony* traces the downward spiral of Theodore's career in the wake of his controversial statements, as well as the remarkable transformation that threatens to lead him to the depths of madness—or the revelation of the Final Theory, the ultimate secret of the universe.

Citadels of Fire

L. K. Hill

In a world where danger hides in plain sight and no one aspires to more than what they were born to, Inga must find the courage to break the oppressive chains she's been bound with since birth. Even as a maid in the infamous Kremlin, life in 16th-century Russia is bleak and treacherous. That is, until Taras arrives. Convinced that his mother's death when he was a boy was no mere accident, he returned from England to discover what really happened. While there, he gains favor from the Tsar later known as Ivan the Terrible, the most brutal and notorious ruler ever to sit upon the throne of Russia. Ivan allows him to take a servant, and to save Inga from a brutal boyar intent on raping her, Taras requests Inga to stay in his chambers. Up against the social confines of the time, the shadowy conspiracies that cloak their history, and the sexual politics of the Russian Imperial court, Inga and Taras must discover their past, plan for their future, and survive the brutality that permeates life within the four walls that tower over them all, or they may end up like so many citizens of ancient Russia: nothing but flesh and bone mortar for the stones of the Kremlin wall.

Dependent A Novel

Brenda Corey Dunne

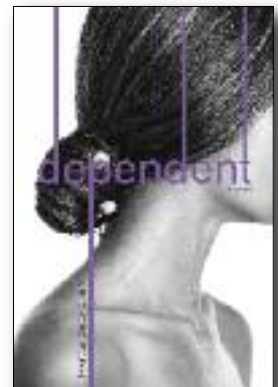

When 45-year-old Ellen Michaels loses her husband to a tragic military accident, she is left in a world of gray. For 25 years her life has been dictated by the ubiquitous They—the military establishment that has included her like chattel with John's worldly goods—his Dependents, Furniture, and Effects. They—who have stolen her hopes, her dreams and her innocence, and now in mere months will take away the roof over her head. Ellen is left with nothing to hold on to but memories and guilt and an awful secret that has held her in its grip since she was 19. John's untimely death takes away her anchor, and now, without the military, there is no one to tell her where to go, what to do—no one to dictate who she is. *Dependent* deals with issues ever-present in today's service families, presenting a raw and realistic view of life for the lives of the invisible support behind the uniform.

Face

Third edition

Cecile Pineda

Foreword by J. M. Coetzee

- Part of the Complete Works of Cecile Pineda series

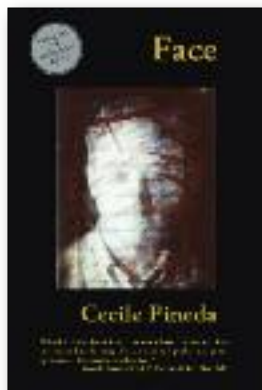

When it was first published in 1985, *Face* met with critical acclaim and established Cecile Pineda among the very first Latina writers in the United States to be published by a major New York house. This new expanded edition, which marks the announcement of *Face* as a 2013 Neustadt Prize finalist, features a foreword by Nobel Prize-winning author J. M. Coetzee and a never-before-published interview with the author conducted by Dr. Francisco Lomelí. The novel—based on an actual event—tracks the fortunes of Helio Cara, a poor but brilliant Brazilian man. When he hears that his mother is dying, Helio rushes from his shack in one of Rio de Janeiro's *favelas* to the local telegraph office, only to fall down a steep hillside and literally lose his face, and in turn his identity. He rapidly loses his job, his lover, and his friends—his neighbor's go so far as to burn down his shack—and flees to the Brazilian interior to live as an outcast in his mother's tiny house. Pineda deftly, hauntingly records Helio Cara's decision to perform self-surgery, using only novocaine, to reconstruct his face and identity.

Futures

A Novel

John Barker

Carol is a small-time cocaine dealer in 1987 London. A single parent to a young daughter, she is a good mother who is especially careful in her work life, introducing herself to customers as "Simone." One of these customers is Phil, a financial analyst in the City who, in the haze of a coke binge, fantasizes with longtime friend and fellow analyst Jack about a cocaine futures market. When the scheme becomes a reality, Carol has an opportunity to go for a big deal that could be her ticket out of the business altogether, but that could also bring her into direct conflict with Gordon Murray and his brothers, the men at the top of the wholesale business who are prepared to do whatever it takes to stay there. Adding to the drama are a stock market crash that creates havoc, and a once-in-a-lifetime hurricane that sweeps across London, jeopardizing the communications system of the stock market itself. Carol is about to find herself at the intersection where three very different worlds are about to collide in this gripping crime novel.

Ghosts of Tom Joad

A Story of the #99 Percent

Peter Van Buren

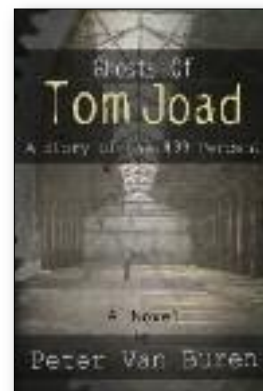

A story about growth, failure, and redemption, *Ghosts of Tom Joad* traces the rise of the working poor and the don't-have-to-work-rich as it follows the fortunes of the protagonist Earl. A product of the post-Korean War era, Earl witnesses his parents' kitchen table arguments over money—echoed in thousands of other Rust Belt towns—experiences bullying, relishes first kisses, and comes of age and matures as a man before the economic hardships of the 1980s and 1990s wear on his spirit. Earl takes his turn at a variety of low-paying retail jobs in the new economy before becoming mired in homelessness and succumbing to meth, alcohol, and destitution. As he takes a final, metaphorical bus ride, Earl reflects on his past, considering the impact of the war on his father—and, subsequently, on himself—his own demise, and the romance between himself and Angel, which ultimately redeems him.

Beryl Fletcher

In 1920, deep in the New Zealand bush, a settlement of Christian fundamentalists lives a life of austerity and isolation. It is an existence that leaves little room for compassion, particularly for the women, who are viewed with suspicion on account of “Eve’s original sin.” The elders lord over women, children, and young men alike, meting out punishments for transgressions as innocuous as self-reflection. Sisters Juno and Hannah have grown up in the community, but when a stranger washes up on the river bank and Hannah goes to his aid, she finds herself accused of necromancy. The girls flee but are quickly forced to accept help. Unsure of who is friend and who foe, Hannah finds herself dependent upon, and attracted to, the man she brought back to life. The sisters’ breathless journey reflects the vividly portrayed New Zealand landscape with its abundance of beauty and resources, but also with scars wrought during the early days of colonization.

The Wars of Heaven

Richard Currey

The lives of the working class in West Virginia—a train engineer, an epileptic, coal miners and outlaws, the fragile and dispossessed—are explored in this powerful yet tender collection of six short stories and a novella. They depict an isolated world of hardship, human endurance, and hard-won dignity and are a lyrical rendering of times and places now largely gone—but the stirring clarity of people and landscape can persist in the reader’s imagination.

I Am a Card Counter

Inside the World of Advantage-Play Blackjack!

Frank Scoblete

- Author’s previous books have sold more than 85,000 copies

With the help of the easy-to-master steps in this book, even a novice gambler can go from being a traditional blackjack player to a card counter—an advantage player with a true edge over the house. For a dozen years, Frank Scoblete was a devastating card-counter, consistently beating casinos in Las Vegas, Atlantic City, and Tunica, Mississippi and angering the casino bosses by knowing more about how to win money than almost anyone who ever challenged a casino. He employed sophisticated methods, including card-counting and little-known advantage-play techniques to turn the tables on the house. Now Frank, known as an icon of the gambling industry, shares with readers everything he knows about beating casinos at blackjack, including techniques for one, two, four, six, and eight deck games such as “end play,” “the fat finger method,” “card groupings,” and several card counting systems that are easy to learn, but powerful and effective to play. *I Am a Card Counter* is an essential resource for any gambler looking to succeed at the blackjack table.

The Snakepit Book

Daily Diary Comics 2001–2003
Second edition

Ben Snakepit
Foreword by Aaron Cometbus

Ben “Snakepit” White draws his life every day in three comic panels. This book collects the years 2001–2003 and follows his participation in the heavy metal band, the Sword, up to the invitation to join the punk rock band J Church. His punk-influenced comic memoirs focus on every day, no matter how uneventful, in order to find the deeper meaning in the seemingly mundane. It is one of the few unintentional and revealing cultural studies of punk rock lifestyles. As Jimmi Payne summarizes in *Punk Zine*, “Patterns emerge and story arcs materialize and years of common actions load into a highly concentrated snapshot that wakes you up to the ongoing machinations of life beyond your present day.”

The System

Peter Kuper
Introduction by Calvin Reid

- Author's previous books sold more than 100,000 copies

It has been said that the flutter of insect wings in the Indian Ocean can send a hurricane crashing against the shores of the American Northeast, and such a premise lies at the core of *The System*, a wordless graphic novel created and painted by award-winning illustrator Peter Kuper. A sleazy stockbroker is lining his pockets, a corrupt cop is shaking down drug dealers, a mercenary bomber is setting the timer, a serial killer is stalking strippers, a political scandal is about to explode, the planet is burning, and nobody's talking. Told without captions or dialogue, this piece of art is an astonishing progression of vivid imagery, each brilliantly executed panel contains layer upon layer of information that forms a vast and intricate tour of an ominous world of coincidences and consequences.

Autistic Indifference

The Reason Our Children Keep Getting Sick

Jon E. Mica

Stressing that autism is a major public health crisis of unequalled proportions, this book accuses the federal government of refusing to acknowledge it as such and having a corrupt and morally unsound relationship with “Big Pharma.” First noting the dramatic rise in cases of autism in the United States since the 1970s, *Autistic Indifference* then discusses the rampant misuse and dangers associated with vaccinations. Additionally, the book argues that the Center for Disease Control has lied to the American public by presenting inaccurate data on annual flu deaths and, along with the Vaccine Safety Datalink, has buried damaging research on the perils of vaccines. Written by a parent of a child suffering from autism, this book is a must-read for anyone concerned with the neurological brain disorder.

“Venceremos”

Víctor Jara and the New Chilean Song Movement

Gabriel San Román

Foreword by T. M. Scruggs

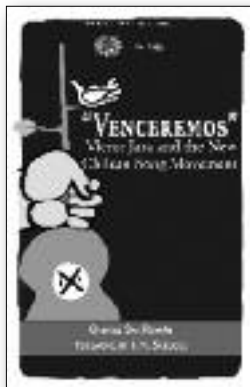

When the socialist politician Salvador Allende dramatically won Chile’s presidential election in 1970, a powerful cultural movement accompanied him to power as folk singers emerged at the forefront proving that music could help forge the birth of a new society. “*Venceremos*” charts the development of such a cultural phenomenon from the years before Allende’s victorious campaign to the brutal U.S.–backed military coup on September 11, 1973, which ousted his presidency and imposed the dictatorship of General Augusto Pinochet. The bloody repression that followed would claim the life of Víctor Jara, a key singer-songwriter, but could never put to rest the lasting power of his songs nor the movement he personified.

The Admiral and the Ambassador

One Man’s Obsessive Search for the Body of John Paul Jones

Scott Martelle

Part history, part biography, and part detective story, this compelling account chronicles Horace Porter’s—Civil War hero, aide to then-General Ulysses S. Grant, Republican fundraiser, and U.S. ambassador to France—tireless search for the body of navy hero John Paul Jones. As the French Revolution gathered steam, the exact location of Jones’s grave—and, in fact, the exact location of St. Louis cemetery in Paris, where he was buried in 1792—was forgotten: information on his death and burial were destroyed in the Paris Commune and the few who had attended his burial had passed away. His body had, though, been preserved in a lead-lined coffin filled with alcohol; theoretically, if the coffin could be located, Jones could be returned to the United States for proper burial. This book, the only full-length account of the search for and discovery of John Paul Jones’s body, offers a fascinating look into the charismatic, real-life characters who populated the first century of the United States of America.

Gentlemen Bootleggers

The True Story of Templeton Rye, Prohibition, and a Small Town in Cahoots

Bryce T. Bauer

Gentlemen Bootleggers tells a never-before-told tale of ingenuity, bootstrapping, and perseverance in one small town, showcasing a group of immigrants who embraced the American ideals of self-reliance, dynamism, and democratic justice. It relies on previously classified Prohibition Bureau investigation files, federal court case files, extensive newspaper archive research, and a recently disclosed interview with kingpin Joe Irlbeck. Unlike other Prohibition-era tales of big-city gangsters, it provides an important reminder that bootlegging wasn’t only about glory and riches, but could be in the service of a higher goal: producing the best whiskey money could buy.

Pedestrianism

When Watching People Walk Was America’s Favorite Spectator Sport

Matthew Algeo

Strange as it sounds, during the 1870s and 1880s, America’s most popular spectator sport wasn’t baseball, football, or horseracing—it was competitive walking. Inside sold-out arenas, competitors walked around dirt tracks almost nonstop for six straight days (never on Sunday), risking their health and sanity to see who could walk the farthest—more than 500 miles. These walking matches were as talked about as the weather, the details reported in newspapers and telegraphed to fans from coast to coast. This long-forgotten sport, known as pedestrianism, spawned America’s first celebrity athletes and opened doors for immigrants, African Americans, and women. But along with the excitement came the inevitable scandals, charges of doping and insider gambling, and even a riot in 1879. *Pedestrianism* chronicles competitive walking’s peculiar appeal and popularity, its rapid demise, and its enduring influence.

Nine Lives of a Black Panther A Story of Survival

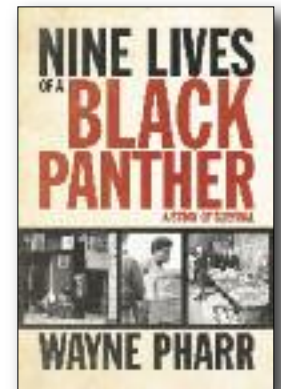

Wayne Pharr

In the early morning hours of December 8, 1969, hundreds of SWAT officers engaged in a violent battle with a handful of Los Angeles–based members of the Black Panther Party for Self-Defense (BPP). Five hours and 5,000 rounds of ammunition later, three SWAT team members and three Black Panthers lay wounded. For the Panthers and the community that supported them, the shootout symbolized a victory, and a key reason for that victory was the actions of a 19-year-old rank-and-file member of the BPP: Wayne Pharr. *Nine Lives of a Black Panther* tells Pharr’s riveting story of life in the Los Angeles branch of the BPP and gives a blow-by-blow account of how it prepared for and survived the massive attack. He illuminates the history of one of the most dedicated, dynamic, vilified, and targeted chapters of the BPP, filling in a missing piece of Black Panther history and, in the process, creating an engaging memoir.

Dance of Death The Life of John Fahey, American Guitarist

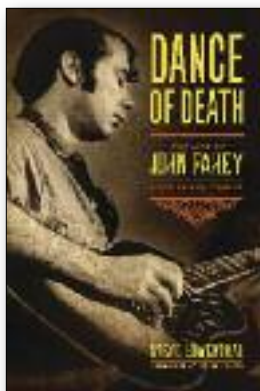

Steve Lowenthal

Foreword by David Fricke

John Fahey is to the solo acoustic guitar what Jimi Hendrix was to the electric: the man whom all subsequent musicians had to listen to. Fahey made more than 40 albums, most of them featuring only his solo steel-string guitar. He fused elements of folk, blues, and experimental composition, taking familiar American sounds and recontextualizing them as something entirely new. Journalist Steve Lowenthal describes Fahey's battles with stage fright, alcohol, and prescription pills; how he ended up homeless and mentally unbalanced; and how, despite his troubles, he managed to found a record label that won Grammys and remains critically revered. This portrait is not only a biography but also the compelling story of a great American outcast.

Robert Simon and Marianela Sandoval

Foreword by Quincy Jones

This book, from the memoirs of Cuban jazz trumpeter Arturo Sandoval, celebrates the relationship and influence Dizzy had with Arturo and his family. It tracks the remarkable story of how the two met in Cuba during a very restrictive period and the eventual role Dizzy would play in Arturo's flight to freedom. It also recounts the modest start and parallels that exist between the two musicians as well as their career developments. One of Dizzy's greatest achievements and contributions to music was not only the discovery but the encouragement and promotion of Arturo Sandoval.

Leonard Cohen on Leonard Cohen

Interviews and Encounters

Edited by Jeff Burger

- Part of the Musicians in Their Own Words series

For the first time, Leonard Cohen tells his story in his own words, via more than 50 interviews conducted worldwide between 1966 and 2012. In *Leonard Cohen on Leonard Cohen*—which includes a foreword by singer Suzanne Vega and eight pages of rarely seen photos—the artist talks about “Bird on the Wire,” “Hallelujah,” and his other classic songs. He candidly discusses his famous romances, his years in a Zen monastery, his ill-fated collaboration with producer Phil Spector, his long battle with depression, and much more. You’ll find interviews that first appeared in the *New York Times* and *Rolling Stone*, but also conversations that have not previously been printed in English. Some of the material here has not been available until now in any format, including the many illuminating reminiscences that contributors supplied specifically for this definitive anthology.

30th Anniversary Edition

Rosemary Catacalos

Originally published in 1984 to great acclaim, including being awarded the Texas Institute of Letters Poetry Prize, this stirring collection of poems pairs and often plays against the mythologies of the author's mixed Greek and Mexican heritage. A strong work of feminism, the pieces blend historical characters with contemporary settings and address issues that include San Antonio street life, racism, mass killings, and foreign wars.

Beneath the Halo

Celeste Guzman Mendoza

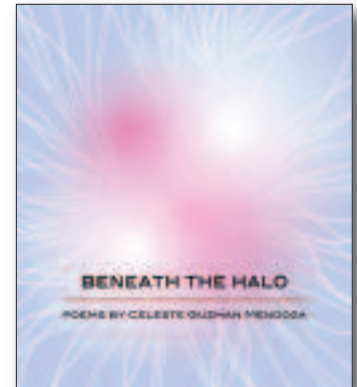

Divided into four sections, *Beneath the Halo* explores various aspects of Celeste Guzman Mendoza's experience as a *Tejana*, a native Texan of Mexican-American descent. She brings the landscapes and cultural life of her roots to life by delving into topics fundamental to her Tejana identity—family, land, faith, and marriage. Possessed of a rich imagery, Mendoza's insights into coming of age during a period of cultural and demographic evolution are at once heartrending and hilarious and will appeal to younger readers as well as students and professors interested in contemporary Latina poetics.

Limen

Susan Hawthorne

When two women and a dog set off on a holiday, they have no inkling of what's to come. They wake to find the river has crept up silently during the night. Trapped by floodwater, they devise escape routes only to be faced with more obstacles at every turn. Only the dog remains calm. This poetic novella grips you with its language, its pace, and its anxieties.

The word *limen* is defined as "a threshold below which a stimulus is not perceived." In Susan's Hawthorne's verse novel, there is the threat of the rising waters—the women's safety is above the threshold of perception. This definition feeds the suspense and tension of this book. However, the word also suggests a transition, a state, a threshold between earth and sky, between day and night, between water and heat, survival and drowning—and it is these paired states, together with many more that also drive narrative.

Strange Angels

William Pitt Root

In this first major collection in nearly a decade from a revered American poet, William Pitt Root concerns himself with those extremes—spiritual, physical, or both—at which social and cultural forms disintegrate, leaving the individual as an unshielded witness to transitioning miracles that induce a state of awe that cannot be diminished, diverted, or ignored. In poem after poem, Root compels the reader to discover that these key moments require the heart to open and the mind to still in order to fully accept whatever results, whether it is to suffer inconso- lably or to discover new facets of wisdom. With an imagery that is by turns beautiful, tender, provocative, and terrifying, this collection signals the triumphant return of a poet of national renown.

Anthropology, Ecology, and Anarchism

A Brian Morris Reader

Brian Morris

Introduction by Peter Marshall

Over the course of a long career, Brian Morris has created an impressive body of engaging and insightful writings—from social anthropology and ethnography to politics, history, and philosophy—that is accessible to the layperson without sacrificing analytical rigor. But until now, the essays collected here, originally published in obscure journals and political magazines, have been largely unavailable to the broad readership to which they are so naturally suited. The opposite of arcane, specialized writing, Morris's work takes an interdisciplinary approach that offers connections between various scholarly interests and anarchist politics and thought. There is a long history of anarchist writers drawing upon works in a range of fields, and Morris's essays both explore past connections and suggest ways that broad currents of anarchist thought will have new and ever-emerging relevance for anthropology and many other ways of understanding social relationships.

The City Is Ours Squatting and Autonomous Movements in Europe from the 1970s to the Present

Edited by Bart van der Steen, Ask Katzeff, and Leendert van Hoogenhuijze
Foreword by George Katsiaficas and Geronimo

Squatters and autonomous movements have been at the forefront of radical politics in Europe for nearly a half-century—from struggles against urban renewal and gentrification, to large-scale peace and environmental campaigns, to spearheading the anti-austerity protests sweeping the continent. Through an examination of the local history of these movements in eight different cities—including Amsterdam, Berlin, and other famous centers of autonomous insurgence, along with underdocumented cities such as Poznan and Athens—*The City Is Ours* paints a broad and complex picture of Europe's squatting and autonomous movements. Each chapter focuses on one city and provides a clear chronological narrative and analysis accompanied by photographs and illustrations. The sections center on the most important events and developments in the history of these movements, identifying the specificities of the local movements and dealing with issues such as the relation between politics and subculture, generational shifts, the role of confrontation and violence, and changes in political tactics.

New Forms of Worker Organization

The Syndicalist and Autonomist Restoration of Class-Struggle Unionism

Edited by Immanuel Ness
Foreword by Staughton Lynd

As bureaucratic labor unions are currently under assault throughout the world, most have surrendered the achievements of the mid-20th century, when the working class was a militant force for change. As unions implode and weaken, workers are independently forming their own unions, rooted in the tradition of syndicalism and autonomism—and unions rooted in the tradition of self-directed action are auguring a new period of class struggle throughout the world. In Africa, Asia, the Americas, and Europe, workers are rejecting leaders and forming authentic class-struggle unions rooted in sabotage, direct action, and striking to achieve concrete gains. This is the first book to compile workers struggles on a global basis, examining the formation and expansion of radical unions in the Global South and Global North.

The Struggle Within

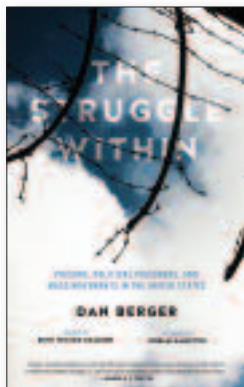

Prisons, Political Prisoners, and Mass Movements in the United States

Dan Berger
Foreword by Ruth Wilson Gilmore
Afterword by dream hampton

An accessible yet wide-ranging historical primer, *The Struggle Within* discusses how mass imprisonment has been a state-sponsored tool of repression deployed against diverse, left-wing social movements over the last 50 years. It examines some of the most dynamic social movements across half a century, including black liberation, Puerto Rican independence, Native American sovereignty, Chicano radicalism, white antiracist and working-class mobilizations, pacifist and antinuclear campaigns, earth liberation, and animal rights. Berger's encyclopedic knowledge of social movements in the United States provides a rich comparative history of numerous campaigns that continue to shape contemporary politics.

Turning Money into Rebellion

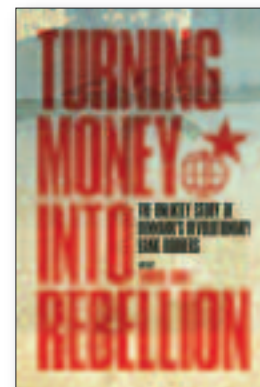

The Unlikely Story of Denmark's Revolutionary Bank Robbers

Gabriel Kuhn

In May of 1989, on a quiet street in Copenhagen, police discovered an apartment that had served for years as a hideaway for Denmark's most notorious 20th-century bank robbers. The members, who belonged to a communist organization and lived modest lives in the Danish capital, had, over a period of almost two decades, sent millions in stolen dollars acquired in spectacular heists to Third World liberation movements, in particular the Popular Front for the Liberation of Palestine. One of the most puzzling and captivating chapters from the European anti-imperialist milieu of the 1970s and 1980s, *Turning Money into Rebellion* is the first-ever account of the story in English, covering the events from Middle Eastern capitals and African refugee camps to the group's fateful last robbery that earned them a record haul and left a police officer dead. The book includes historical documents, illustrations, and an exclusive interview with Torkil Lauesen and Jan Weimann, two of the group's longest-standing members.

The Teachings of Dora Kalff Sandplay

Edited by
Barbara A. Turner, PhD

Sandplay therapy is based on the psychology of Carl Jung and developed by the Swiss psychotherapist and teacher Dora Kalff. By placing miniature figurines in a small sandbox to express confusing feelings and inner experiences, patients create a visual representation of their psyches' contents and reveal unconscious concerns that are inaccessible any other way. In this beautiful, full-color volume, sandplay therapist, Barbara Turner has recorded Dora Kalff's teachings, transcribed from the shorthand notes she made during the original lectures. The sand trays are replications Dr. Turner constructed from the sketches she drew of the photos and the verbal descriptions Mrs. Kalff gave during her lectures. These are treasures in the history of sandplay, and this book makes them available to those who did not have the opportunity to study directly with this remarkable teacher.

The Fires of Man

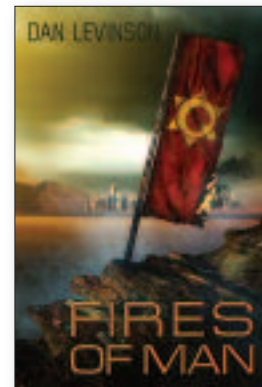

Dan Levinson

In a world where a gifted few can manipulate reality with their minds, two great nations—Calchis and Orion—employ these psionic powers in a covert war for global superiority. In the heart of Calchis, a young psion named Aaron is kidnapped and forcibly conscripted into the Calchan army. To the north, in the capital, a dastardly plan is hatched to decimate Orion, to be carried out by the ruthless operative known only as “Agent.” Meanwhile, across the vast desert that separates the two warring states, Orion recruit Stockton Finn finds himself thrown into a new world of incredible powers he has never dreamed of. And Orion officers Nyne Allen and Kay Barrett navigate the aftermath of their shattered love affair, oblivious to the fact that Calchis is drawing ever closer to destroying the tenuous peace between their two lands. Finally, in the arctic land of Zenith, Calchan archaeologist Faith Santia unearths a millennia-old ruin that may shed light on the history of psionic powers and a deeper mystery that could shake the foundations of all mankind.

Sarah Mirk

With nearly 50 percent of marriages ending in divorce, a growing percentage of women over age 40 choosing not to have children, and more than 3 percent of the population identifying as LGBT, modern life is clearly in need of some modern relationship advice. *Sex from Scratch* analyzes the facets of contemporary relationships through the struggles, opinions, and experiences of a diverse group of individuals living in nontraditional relationships. Rather than telling readers how to snag a partner and find “true love,” it gleans real-life knowledge from people of all sexualities and genders—including individuals trying to make open relationships work to those who have opted against having children—distilling their hard-earned wisdom. Contributions from Andi Zeisler, Stu Rasmussen, Betty Dodson, and others make this love and dating guidebook an essential, fun, and insightful resource for anyone in any type of relationship.

Making Sense of a Senseless Act

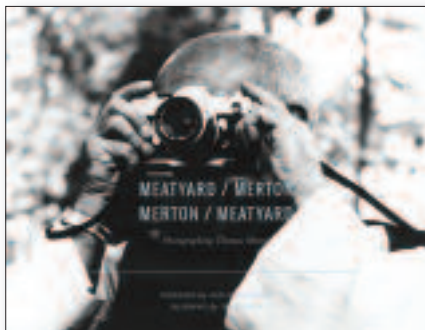

A Comic about Restorative Justice

James Breeden and David Belden

This powerfully illustrated story presents an alternative to criminalizing young offenders, and to neglecting those they harm. A woman is hurt in a scuffle with a young male intruder in her home and then the story splits into parallel tracks. In one, their progress through the criminal justice system is depicted, ending with his incarceration and her fearful and alone in her kitchen with new bars on the windows. In an alternative, restorative justice track, a community conference called at which she tells him exactly how devastating the experience was for her, and he is helped to devise a plan to make amends to her, his family, the community, and himself. At the end of this track both are restored and productively engaged in the community. The book ends with a page of restorative justice resources to enable readers to find out how to promote a similar program in their own community.

Joss Whedon The Biography

Amy Pascale

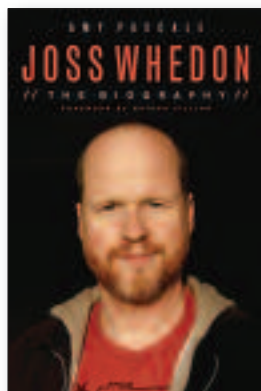

Foreword by Nathan Fillion

From the cult favorite *Buffy the Vampire Slayer*, which netted four million viewers per episode, to the blockbuster *The Avengers*, Joss Whedon has made a name for himself in Hollywood for his penchant for telling meaningful, personal tales about love, death, and redemption even against the most dramatic and larger-than-life backdrops. This biography follows his development from a creative child and teenager, through his early successes to his breakout turn as the creator, writer, and director of the *Buffy* television series. Extensive, original interviews with Whedon's family, friends, collaborators, and stars—and with the man himself—offer candid, behind-the-scenes accounts, presenting an intimate and revealing portrait of a man whose creativity and storytelling ability have manifested themselves in comics, online media, television, and film.

Share the Glee

Lisa Damian Kidder

A must-have for hardcore Gleeks and casual fans alike, this guide is packed with resources, photos, and inside stories about everybody's favorite glee club. Tracing the success of the show through its 70-plus awards and consistently sky-high ratings, *Share the Glee* takes a look back at the original cast and follows its evolution over

four seasons, through celebrity guest stars Josh Groban, Britney Spears, and Gwyneth Paltrow, and up to the recent announcement that *American Idol* star Adam Lambert and *X-Factor* judge Demi Lovato will be joining the show for Season Five. Though Cory Monteith's Finn will be absent from the show, he lives on in this tribute that explores his hardships as a teenager to his on-screen relationship with Rachel Berry and real-life relationship with Lea Michele. Change is a constant in Season Five, with the departure of Quinn, Mercedes, Brittany, Puck, and Mike. *Share the Glee* is the perfect tool to commemorate your beloved characters and introduce your soon-to-be favorites.

Being and Being Bought

Prostitution, Surrogacy and the Split Self

Kajsa Ekis Ekman

Grounded in the reality of the violence and abuse inherent in prostitution—and profoundly affected by the death of a friend to prostitution in Spain—activist and writer Kajsa Ekis Ekman exposes the many lies in the “sex work” scenario in this polemic in which she also criticizes the booming surrogacy industry. The author places the theory that it is possible to separate the “self” from the body, thus making it possible to sell the body for sex without compromising an individual’s fundamental human dignity—a key argument of the pro-sex worker narrative—under the microscope. Taking the belief at face value, she extends it to the practice of surrogacy, pointing out that if a woman is neither connected to her body nor to the child that grows within her, surrogacy itself can be viewed as a form or prostitution where the product sold is a baby, rather than sex. If this is the case, Ekis Ekman argues, is surrogacy not a form of child trafficking? Written with a razor-sharp intellect and disarming wit, this illuminating exposé seeks to highlight the dangers of commodifying the human body and presents both prostitution and surrogacy as emotionally fraught enterprises rife with power imbalances and the potential for abuse.

Misogyny Re-Loaded

Abigail Bray

Blending personal experience with rigorous study, this explosive manifesto rails against what it presents as the resurgent sexual fascism of the new world order. By exposing everything from the casual acceptance of snuff pornography in “gore” culture to the framing of rape as a punch line, Abigail Bray links the celebration of sexual sadism to the rise of an authoritarian culture of militarized violence. Arguing that a meaningful collective resistance has been undermined by the mass destruction of genuine social and economic security for ordinary women, *Misogyny Re-loaded* presents a scathing critique of a politically convenient, billionaire-friendly, mainstream brand of feminism. Drawing on a wide range of resources from popular culture, literature, economics, psychiatry, psychology, philosophy, and environmental science, this book offers a warning about the growing social and environmental threat of an out-of-control military industrial complex.

The Little Style Book

Joe Hayden

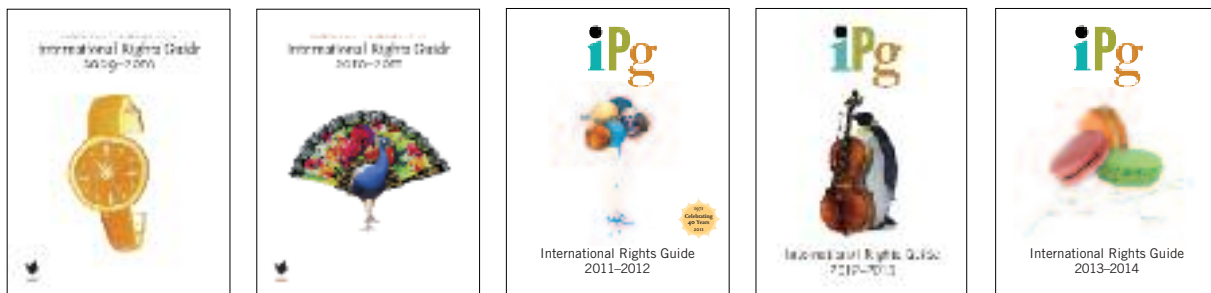

Whether it’s the purple prose of overeager high school students, the lardy lingo of pretentious professionals, or the partisan rantings of just about every other website, most people don’t write well. Worse, they don’t even seem aware of it. *The Little Style Book* can separate you from the pack in minutes. Twelve pointers guide readers through some of the most crucial principles and subtler techniques that effective writers employ. Using the same pared-down, graphic approach as *The Little Grammar Book*, by the same author, this slim reference shows you how to write with power and grace. It does so with a minimum of fuss (and text). At fewer than 100 pages, it’s clear, direct, and above all useful.
