**Desert Storm**
Kurt Warner and the Arizona Cardinals' Unforgettable Run to the Super Bowl

Books, Triumph

**Summary**
The story of the remarkable 2008 Arizona Cardinals is one for the ages: rising from perennial also-ran to NFC champion over the course of one unforgettable season, the Cardinals excelled thanks to the strong arm and cool head of an unlikely of hero, veteran Kurt Warner. Named the surprise starter by head coach Ken Wisenhunt at the start of the season, Warner reminded Cardinals fans why he was a two-time MVP. Supported by the spectacular pass-catching of Larry Fitzgerald and the power running of rookie Tim Hightower, Warner and the Arizona offense made believers out of the NFL as they stormed through the playoffs and punched their ticket to Tampa. Though they came up short in Super Bowl XLII against the Steelers, the Cardinals succeeded in rekindling Arizona's love for pro football. This all-new volume, packed with dynamic photos and engaging text, offers the perfect way to celebrate this exciting season.

Promises to Keep
My Inspired Run from Syracuse to Denver to the Hall
Floyd Little, Tom Mackie, Tom Coughlin

Summary
You read about Floyd Little in Gary Smith's awe-inspiring Sports Illustrated feature, "The Unexpected Hero," now discover everything behind this Syracuse University and Denver Broncos legend's incredible life. Born in poverty and told he wasn't college material, Floyd's uncommon will to succeed proved every naysayer wrong, from high school, military school, college, and the pros until he was finally recognized with induction into the Pro Football Hall of Fame in 2010.

Promises to Keep is a testament to pure heart, determination, and drive. A miraculous vision as a troubled young boy changed Floyd's path forever—transcending his life with a solemn promise that's fueled him throughout his zigzag journey.

A master storyteller, Floyd recites his favorite tales from his first high school game to how General Douglas MacArthur tried to recruit him until The Express, Ernie Davis, convinced him to travel another road.

Floyd also recounts stories about fellow Hall of Famers of his era: Dick Butkus, Mean Joe Greene, Willie Lanier, Gale Sayers, and Bobby Bell; Syracuse teammates Larry Csonka, To...

The Good, the Bad, & the Ugly: Denver Broncos
Heart-Pounding, Jaw-Dropping, and Gut-Wrenching Moments from Denver Broncos History
Adrian Dater, Jim Turner

Summary
Genuine fans take the best team moments with the less than great, and know that the games that are best forgotten make the good moments truly shine. This monumental book of the Denver Broncos documents all the best moments and personalities in the history of the team, but also unmasks the regrettablly awful and the unflinchingly ugly. In entertaining-and unsparing-fashion, this book sparkles with Broncos highlights and lowlights, from wonderful and wacky memories to the famous and infamous. Such moments include "Orange Monday" and the breathtaking play of John Elway, as well as the string of humbling losses in the Super Bowl and the disastrous early years, where four wins was a good season. Whether providing fond memories, goose bumps, or laughs, this portrait of the team is sure to appeal to the fan who has been through it all.

Author Bio
Adrian Dater has been a sportswriter with the Denver Post for over two decades. He is the author of four other sports books, and has also written for magazines ranging from ESPN The Magazine to Sports Illustrated. He lives in Thornton, Colorado. **Thief Creek**
Jeremy J. Soldevilla

**Summary**
Nestled in the remote Rocky Mountains of Montana resides the Thief Creek Inn, a rustic bed and breakfast where this fast-paced thriller takes hold. A place to relax and enjoy the peaceful and wildly beautiful surroundings, the inn captivates two Ohio newlyweds on their honeymoon. The innkeeper is a peaceful man who, with his wife, a nurse, bought the inn as a retreat from their stressful lives in Seattle. Life suddenly changes for them all when the violent Toomey brothers, on the run after their escape from prison, seek out a secluded hideaway. Butch, the lumbering tattooed murderer; Jesse James, the cruel gang leader; and JP are desperately trying to save the life of their younger brother, Tommy, when an accident brings them into the Thief Creek Inn and the lives of its residents.

**Wanton West**
Madams, Money, Murder, and the Wild Wild Women of Montana's Frontier
Lael Morgan

**Summary**
From the time of the gold rush to the election of the first woman to the U.S. Congress, Wanton West brings to life the women of the West's wildest region: Montana, famous for its lawlessness, boomtowns, and America's largest red-light districts. Prostitutes and entrepreneurs—like Chicago Joe, Madame Mustache, and Highkicker-flocked to Montana to make their own money, gamble, drink, and raise hell just like men. Moralists wrote them off as "soiled doves," yet a surprising number prospered, flaunting their freedom and banking ten times more than their "respectable" sisters.

A lively read providing new insights into women's struggle for equality, Wanton West is a refreshingly objective exploration of a freewheeling society and a re-creation of an unforgettable era in history.

**Answer Them Nothing**  
*Bringing Down the Polygamous Empire of Warren Jeffs*  
Debra Weyermann

**Summary**  
When police raided the Short Creek compound of the Fundamental Church of Jesus Christ of Latter Day Saints in 1953, it soon became a political and publicity nightmare and eventually cost the governor of Arizona his job. From that point on, skittish public officials allowed the polygamist sect to practice its tenants unmolested for the next 50 years and turned a blind eye to child abandonment, kidnapping, statutory rape, incest, and massive tax and welfare fraud.

But then Warren Jeffs, a new FLDS prophet, escalated the sect's crimes to near madness. Activists watched in horror as he used his limitless authority and the resources of a tax-supported community—in essence, a feudal empire on the Utah/Arizona border—to devastate thousands of lives on cruel whims, marrying girls as young as 11 to 60-year-old men and driving off teenage "lost boys" who Jeffs felt threatened his authority.

*Answer Them Nothing* is the chilling story of the victims, activists, prosecutors, judges, cops, and attorneys who in 2001 began the struggle to dismantle the FLDS empire and bring J...

**Backbone of the World**

*From the American Rocky Mountain Fur Trade 1822-1824*

**Edward Louis Henry**

**Summary**

The first book in an exciting adventure series—the Temple Buck Quartet—that chronicles the rise and fall of the American Rocky Mountain fur trade, this volume is a coming-of-age story set in the first two years of the fur trade, 1822-24. Temple Buck is a young man whose rollicking tale begins with growing up in the Ohio wilderness before he is kidnapped by an evil keelboat captain. After his rescue by a beautiful St. Louis madam, he finally enlists in the first expedition up the Missouri River to the beaver-rich Rockies for a wealth of adventure and new experiences. This painstakingly researched tale blends historical and fictional characters into a colorful tapestry of actual events spiced with bloody battles, Indian customs, homespun humor, and earthy romance.

*The Rocky Mountain Fur Trade 1824-1826*

**Edward Louis Henry**

**Summary**

The second novel of the Temple Buck Quartet, this volume chronicles the exploits of Temple Buck and his rowdy trapper companions in the American Mountain fur trade from 1824 to 1826. The group push even farther west in their quest for beaver pelts, exploring new country and encountering fresh adventures, with some of them welcome and others not at all. The heavily researched tale, told in Temple's own words, blends historical and fictional characters against a colorful backdrop of actual events flavored with gory battles against hostile Indians, humor, and romance, culminating in his disappointing return to his Ohio birthplace.

Shinin' Times!
One Trapper's Personal Chronicle of the American Rocky Mountain Fur Trade, 1828-1833
Edward Louis Henry

Summary
In this third volume of the Temple Buck Quartet, Temple returns to the Rockies in 1828, rejoins his trapping group, and resumes the carefree life of the American fur trapper where he left two years earlier. Temple and his companions explore uncharted, beaver-rich country, gaining valuable experience in a changing and expanding fur trade. Their personal lives change as well, taking on new responsibilities while enjoying the freedom of the Rocky Mountains. The rich flavors of this life are much improved by the group's now wider knowledge, deeper experience, and greater appreciation of everything that living in the American wilderness offers to bold men.

Poredevil's Beaver Tales
A Double Dozen Mountain Man Tales Told in Hip-Sprung Verse
Edward Louis Henry

Summary
A collection of 24 humorous mountain man tall tales, these stories are narrated in a loose kind of verse in the voice of a tough and experienced early-19th-century Rocky Mountain fur trapper. While a few of the tales are retellings of whoppers by famous historical mountain men, most are original outrageous lies of the author's own, related in the mountaineer tradition. All of the stories contain glimpses of the difficult, dangerous life of that rowdy breed of men who challenged the uncharted wilderness and triumphed because of their courage, fortitude, and unquenchable laughter in the face of hardship and peril.

Mammoths of the Great Plains
Eleanor Arnason

Summary
Shaggy herds of mammoths still roam the Great Plains—to the delight of President Thomas Jefferson—in this imaginative alternative history in which the beasts thunder over the grasslands as living symbols of the oncoming struggle between the Native peoples and the European invaders. This unforgettable saga soars from the Badlands of the Dakota Territory to the icy wastes of Siberia, from the Russian Revolution to the American Indian Movement protests of the 1960s and one woman’s attempt to harness DNA science to fulfill the ancient promises of her Lakota heritage. In addition, this volume includes the essay "Writing During World War Three," a politically incorrect take on multiculturalism from a science fiction point of view and an outspoken interview with the writer of some of today's edgiest and most uncompromising speculative fiction.

Author Bio
Eleanor Arnason has been short-listed for the Nebula and Hugo awards and is the author of Ring of Swords and Woman of the Iron People, the latter of which was awarded the first James Tiptree Jr. Award. She lives in Minneapolis, Minnesota.

Yellowstone Treasures
The Traveler's Companion to the National Park
Janet Chapple

Summary
Winner, Benjamin Franklin Silver for Travel
The first and oldest national park in the world can be enjoyed mile by mile with this complete travel guide. Along with fascinating facts and anecdotes, readers will learn of Yellowstone's geyser basins and the frequency of the geysers, out-of-the-way hikes, and flora and fauna. Easy-to-understand scientific explanations and diagrams complement an array of short walks, the right season for camping, and the park's campgrounds and facilities. Updated road logs highlight more than 100 historical points of interest, including the often misidentified locale from which artist Thomas Moran painted his "Grand Canyon of the Yellowstone" masterpiece and where five stagecoach robberies occurred along the Grand Loop Road. New text examines areas that have changed in recent years, including the reconstructed Canyon-to-Dunraven Pass and the newly completed North Rim Drive at the Grand Canyon. Additionally, numerous new photographs feature historical and contemporary images.

Heading West
Life with the Pioneers, 21 Activities
Pat McCarthy

Summary
Heading West traces the vivid saga of Native American and pioneer men, women, and children from the colonial beginnings of the westward expansion to the last of the homesteaders in late 20th century Alaska. In many respects, life in the backwoods and on the prairie was similar to modern life—children attended school and had daily chores, parents worked hard to provide for their families, and communities gathered for church and social events. But unlike today, pioneers lived against a backdrop of isolation, harsh weather, disease, and even plagues of locust. And for Native Americans, the westward expansion of settlers posed the most direct threat to their centuries-old cultures.

But pioneer life was not all hardship. Settlers were able to build lives and communities, and experience a freedom brought on by new possibilities. Author Pat McCarthy has woven dozens of firsthand accounts from journals and autobiographies of the era to form a rich and detailed story. Readers will find more than 20 activities to help them better understand their pioneering ancestors. Children will churn but...

Venturing through two of the most diverse and fascinating regions of North America, these activity books combine the subjects of geology and physical geography while making them captivating and fun. With a different approach, this series reveals the underlying processes for kids, explaining each region's evolution and illustrating the different forces of nature that have changed the continent over time. The lush forests of the Pacific Northwest, the dry and arid deserts of the Southwest, and even the volcanoes and rainforests of Hawaii are all explored in detail as the chapters chronicle the effects of plate tectonics; landforms such as mountains, plateaus, and canyons; and the elements of climates and ecosystems. A plethora of hands-on projects ensure the learning process is both engaging and entertaining, including making a swamp cooler, creating a rift zone, building a seismograph, constructing basalt columns and water wheels to harness the power of a river, fashioning moving tectonic plates, and even mimicking nature's process of carving an arch.

Summary
Answering intriguing questions such as Why does the largest river system in North America meander across the middle of the continent? and How does such a system relate to the rugged Rocky Mountains?, this fun-filled book delves into the majestic Great Plains region. The chapters concisely clarify the interrelated subjects of terrain, climate, and the great movements of the earth itself while illustrating the important changes that are still occurring in the area's rivers, lakes, plains, and unpredictable weather. Brimming with fascinating facts, educational sidebars tell how earthquakes in New Madrid, Missouri caused waves to go upstream in the Mississippi River; why and how tornadoes form; and how invasive species are threatening the Great Lakes and what people are doing about it. Young readers can explore further with hands-on experiments and projects that include panning for gold, creating a tornado, engineering a flood, and making a profile of the local soil.
